**Why do Muslim women cover their hair and bodies? How does it feel to be covered?**

Muslim women are often stereotyped and judged based on their outer appearance and clothing. Some common misconceptions can be cleared if individuals can empathize and see what it's really all about.

Try something new, and  
***wear the headscarf for one day.***

-----  
**10 am – 11 am (EB 145)**

- \* **Pick up a headscarf** (or wear your own neck scarf that can cover your hair).
- \* Learn the etiquette of covering, how to wrap the scarf, and what to tell others throughout the day as you wear it.

**7 pm – 9 pm (CH 101)**

- \* Come **share your experiences** in a friendly dialogue.
- \* An informational session will also take place about why Muslim women cover.

**FREE REFRESHMENTS** will be provided at night!
